

## DESCRIPTION

The Sirkel tables, all of which have a central leg, have been designed with a base that forms a square circle (Squircle, an acronym for square and circle). In other words, an intermediate shape between a square and a circle. Thanks to this geometry, the collection can combine square and round table tops made of different materials.

The Sirkel Collection is a truly extensive range of tables (more than 1,000 different models) available in various heights of 105, 74, 55 and 40cm, in a wide range of sizes from 140 to 60cm diameter, in various paint colours and in various table top materials. Thanks to this versatility, this Collection can be combined in any public or private space.

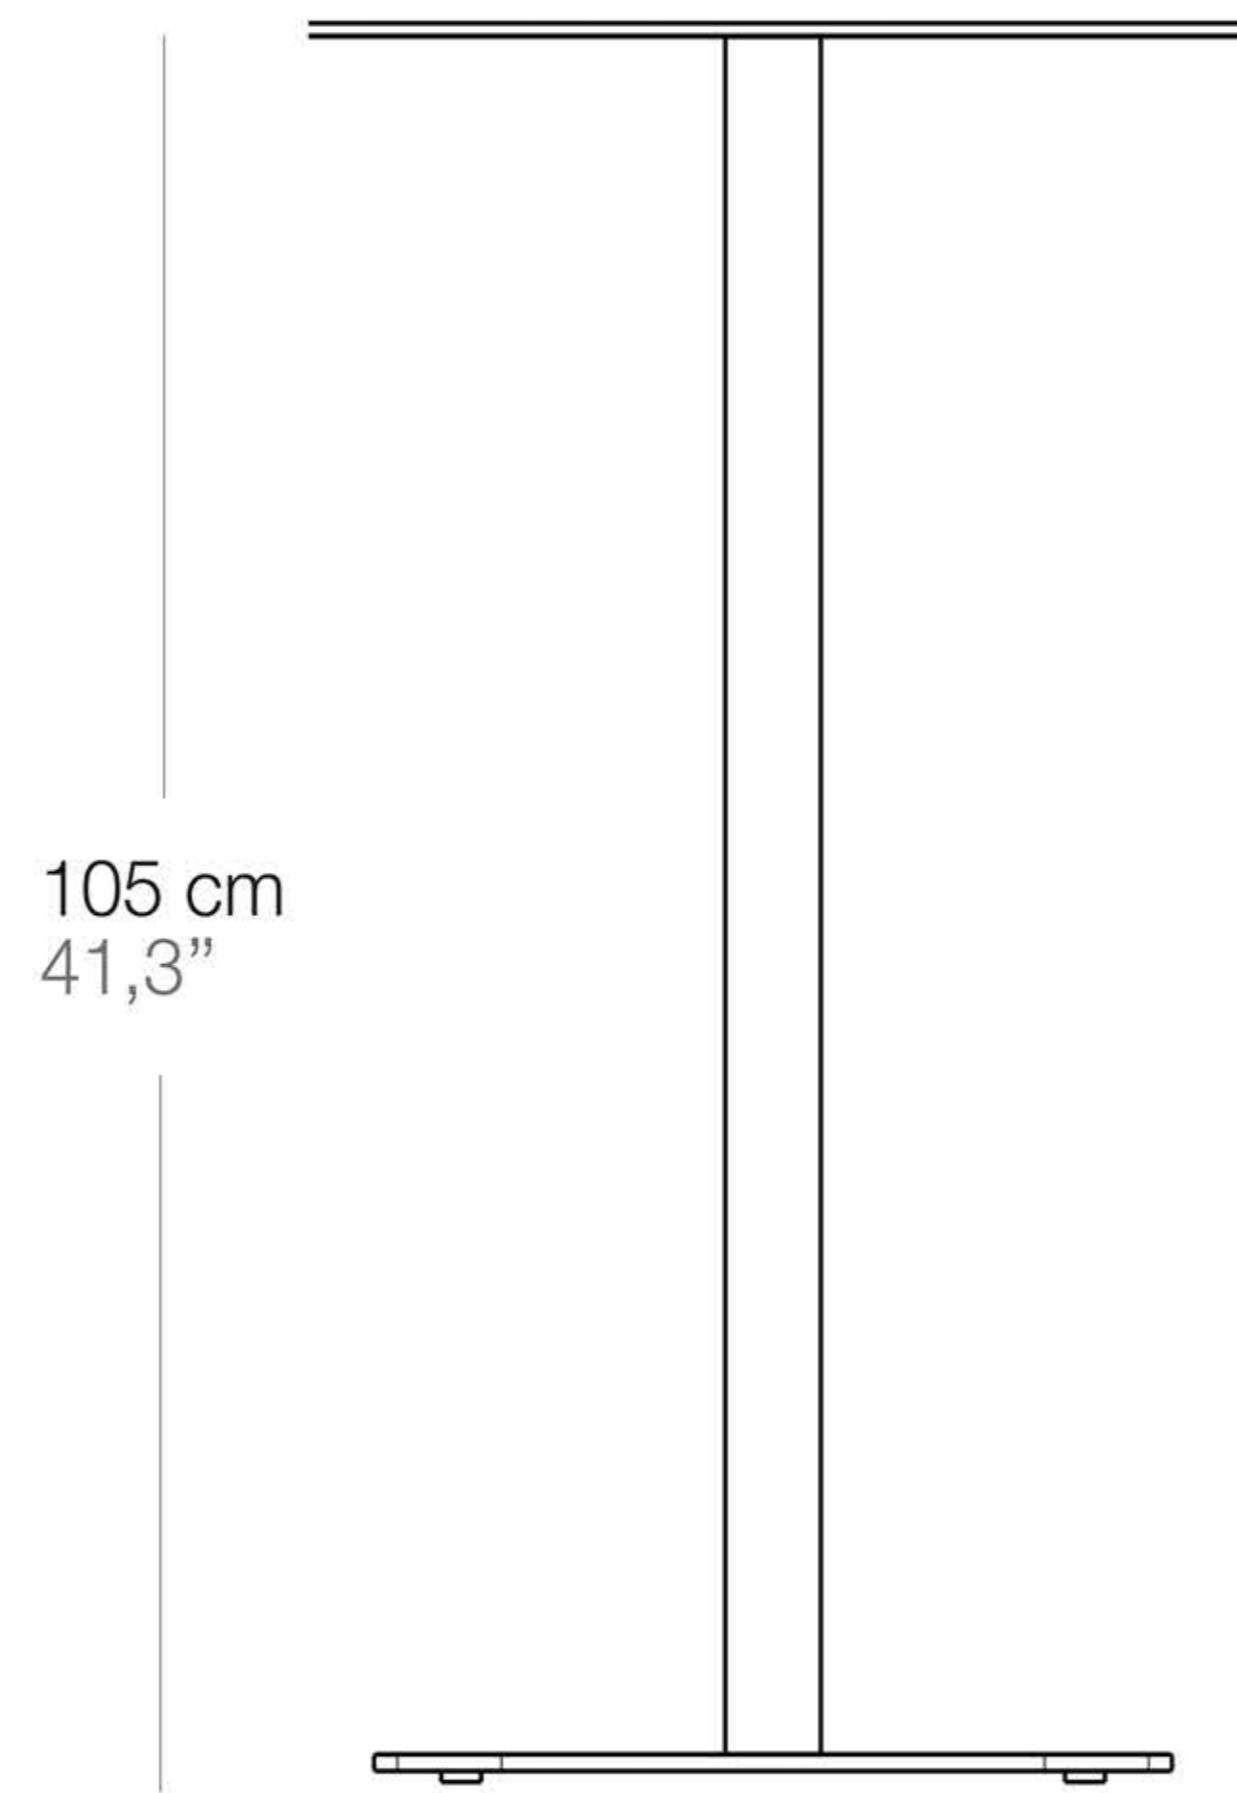

## DETAILS

SIRKEL is manufactured with a steel base that provides the necessary weight and stability to the table and is treated, in addition to powder coating, with a cataphoresis painting process that adds great anti-corrosion protection and resistance to mechanical deformation to the material.

The central leg of the table is made of extruded aluminium and finished with polyester powder paint, which allows for different colour options. The available table tops are: Compact phenolic HPL, aluminium and Dekton.

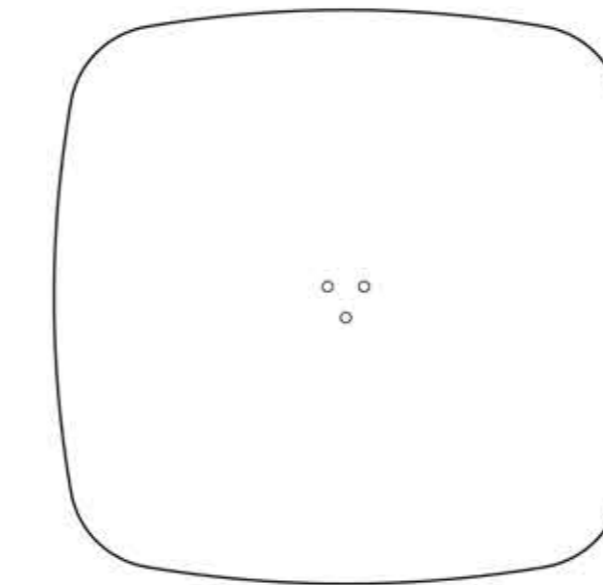

# Sirkel table 105

Studio bvq | 2023

105 cm  
41,3"

## BASE SIZES

50 cm  
19,7"

## TABLE TOP SIZES

Ø60 / Ø23,6"  
60x60 / 23,6"x23,6"  
Ø70 / Ø31,5"  
70x70 / 31,5"x31,5"

## CENTRAL LEG

### Material

Extruded aluminum, polyester powder coating.

See all the available colors in our current Bivaq Catalog or website.

## BASE

### Material

Steel, cataphoresis treatment and polyester powder coating

Includes adjustable feet

Same colors as central leg

## TABLE TOP

### Material

**Aluminum plate, polyester powder coating (8mm)**

See all the available colors in our current Bivaq catalogue or website.

### Dekton porcelain (8mm)

See all the available colors in our current Bivaq catalogue or website.

## HPL compact (10mm)

Solid phenolic core laminate. White.

## MAINTENANCE

### Powder coating aluminum and steel

Clean the surface regularly with warm water and neutral soap. Use a non-abrasive sponge or cloth. Rinse with plenty of water immediately after cleaning and remove the water on the surface with a drying cloth to help you avoid water stains.

For more information see our "Properties and maintenance guide".

### Dekton

1. Apply neutral soap to the affected area and gently rub in a circular motion using a damp microfibre sponge.

2. Leave for a couple of minutes and wipe with a cloth to remove any soap residue. Then dry it with kitchen paper.

For more information see our "Properties and maintenance guide".

## HPL Compact

HPL should be cleaned regularly but do not require any special maintenance. Just a damp cloth with warm water or mild detergent.

Almost all household cleaning products or disinfectants can be used as long as they are not abrasive or highly alkaline. not abrasive or highly alkaline.

For more information see our "Properties and maintenance guide".

## BOX WEIGHT (Kg/Lbs)

| TABLE TOP SIZES | Ø60   | 60X60 | Ø70   | 70X70 |
|-----------------|-------|-------|-------|-------|
| HPL COMPACT     | 27/60 | 29/64 | 29/64 | 31/68 |
| ALUMINIUM       | 28/62 | 30/66 | 31/68 | 33/73 |
| DEKTON          | 29/64 | 31/68 | 36/79 | 39/86 |

## VOLUME (m3/cft)

| TABLE TOP SIZES | Ø60     | 60X60   | Ø70       | 70X70     |
|-----------------|---------|---------|-----------|-----------|
| HPL COMPACT     | 0,53/19 | 0,53/19 | 0,35/12,4 | 0,35/12,4 |
| ALUMINIUM       | 0,53/19 | 0,53/19 | 0,35/12,4 | 0,35/12,4 |
| DEKTON          | 0,53/19 | 0,53/19 | 0,35/12,4 | 0,35/12,4 |

## OTHER FEATURES

The product is delivered assembled. Available waterproof cover. Suitable for outdoor use. Resistant to weathering and sunlight.
