Aluminum frame painting color

Aluminum is an environmental friendly, light and tough metal with an excellent strength to weight ratio and corrosion resistance, making it an ideal material for outdoor furniture. By powder coating we give to the aluminum an advanced method of applying protective, resistance to chemicals, corrosion, UV weathering and decorative coating. Choose your Bivaq furniture finish among all these painting colors.

Rope

The Ø5mm marine rope that covers the backrest is made with polyester thread and nylon cord on the inside, to ensure greater durability and weather resistance fade in the sun, hardwearing and mould resistant.

19- frost ivory

20- plaza taupe

22- cool brown

23- dark blue

25- black antracite

Fabric

Acrylic fabrics

The acrylic fabrics that Bivaq uses in its collections are manufactured with solution dyed acrylic fiber, a process which adds the pigments before the fibers are extruded, this allows the color to be mixed into the solution thoroughly, bringing the color all the way through the fiber once it is extruded, creating a colorfast fabric much stronger than that obtained by dyeing the thread. As a result, we have a fabric that is less vulnerable to UV radiation and the guarantee that its colors will remain permanent and bright for many years.

Polyolefin fabrics

Polyolefin fabric is crafted from synthetic fibers derived from long-chain polymeric compounds. Produced through extrusion (mass dyeing), its yarn boasts exceptional color fastness against sunlight and UV rays. Its standout feature lies in its resistance against stains, mildew, and sun damage, while also providing comfort and excellent coverage. Due to its polyolefin nature, the fabric repels dirt effectively, preventing penetration and ensuring cleanliness.

121- boucle dark taupe c

122- boucle musgo green c

Vynitex fabrics

Vynitex is a generic term for a woven, open-mesh fabric made from a vinyl coated, high strength polyester yarn. Combines a textile appearance with the extreme weather resistant properties ensuring lasting colour with no sag effect. This fabric is hard wearing, wipeable, quick-drying and resistant to fading, mildew and wear & tear under even the most severe weather conditions.
