

The Esen collection redefines the basics. It presents just what you need: a refined range of accessories to enhance any space. Available in a wide variety of fabrics, finishes and colors, this collection of clean lines and impeccable finishes reflects a discreet sophistication that adapts to any outdoor environment: an urban terrace, a garden, a residential setting or contract projects.

The side tables are made entirely of aluminum, offered in one size, multiple colors, and feature a central base that provides stability and functionality. The poufs of the collection are the perfect complement to any outdoor space, bringing warmth and versatility. They can be used as a side table, footrest, seat, or even as a decorative detail that adds color and comfort to your space.

esen, pouf

Base

Material

- 19mm thick outdoor plywood.
- Diameter: 550 mm.
- Material: Duraply plywood, designed for outdoor use with superior durability.

Upholstery

- Removable.
- The bottom cover is made of a fabric that allows the product to breathe.
- Available with or without inner weatherproof fabric.

Foam Filling

- Expanded polyurethane foam, 3 layers:
1st layer: 30 Kg/m³ density, extra firm
2nd layer: 30 Kg/m³ density, firm
3rd layer: 30 Kg/m³ density, soft

Acrylic fabric

- 100% solution dyed acrylic, UV resistance (class. 7/8) with stain and water repellent finish.

Vinytex fabric

- Synthetic fabric made of plastic coated polyester. UV resistance (class. 7/8).

Polyolefin fabric

- Made of polyolefin material, to obtain a soft texture and good touch.
- Resistant to dirt as it does not penetrate inside, and by its nature is inert, non-toxic and does not absorb odors.

Maintenance

Acrylic fabric

- For optimal cleaning, gently wipe the surface with a damp sponge or cloth using a neutral soap diluted in water.
- Should stubborn stains persist, employ a soft brush to gently agitate the affected area instead of a cloth.

Vinytex fabric

- It is recommended to clean it with a water humid sponge or cloth and a little bit of neutral soap, diluted in large quantity of water.
- If this doesn't work, use a soft brush instead of a cloth to rub the stain.
- Be careful and do not use hard chemicals products that can affect the fibers.

Polyolefin fabric

- To avoid general soiling, frequent vacuuming or light brushing to remove dust is recommended.
- Clean the surface regularly with warm water and neutral soap. Use a non-abrasive sponge or cloth.
- The fabric can be washed at low temperature (-30°C -90°F) with warm water and mild soap.

Weight and volume

| Product | Kg/Lbs | m3/cft |
|-----------|--------|--------|
| Esen pouf | 7/15 | 0,5/18 |

Other features

The product is delivered assembled.
